EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Pally on 5-5-08.

The application has been amended as follows:

In the specification:

On page 1, line 9, insert

- - **"Related Applications"**

The present application claims the benefit of a Provisional Application of Serial Number 60/420,992 filed October 24, 2002 by the present inventor, which is incorporated by reference in its entirety. - - .

In the claims:

In claim 20, line 3 after "obtaining" insert – an apparatus of - - and in line 10 after "surface" insert - - fastener - - .

Art Unit: 3765

The above changes were made to correct a lack of antecedent basis for "the apparatus" and "the fastener".

The provisional application information was also inadvertently omitted by the applicant and is herein corrected.
